the advertiser may explain in greater detail  
the services or products he has to offer.

**5**

A *Statistical and Historical Story* of your city;  
plus miscellaneous other information.

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

# INTRODUCTION AND GENERAL INDEX

---

HILL DIRECTORY COMPANY, presents to subscribers and the general public, this, the latest edition of the Plymouth City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Plymouth's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

## Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and the addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

#### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements.

#### **The Directory Library**

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

**HILL DIRECTORY COMPANY,  
Publishers.**

## Statistical Review

FORM OF GOVERNMENT-Municipal, Council-Manager. Incorporated as a town, 1807.

POPULATION-4,774 (1970 U.S. Census); local estimate at present, 7,512.

AREA-2.61 square miles.

ALTITUDE-19.50 feet above sea level.

CLIMATE-Mean annual temperature, 59.9 degrees F.; average annual rainfall, 51.15 inches.

ASSESSED VALUATION-\$8,750,000, with \$1.80 per \$100 tax rate.

BONDED DEBT-\$790,000.

FINANCIAL DATA-2 banks and 2 savings and loan associations.

POSTAL RECEIPTS-\$103,541.67.

TELEPHONES IN SERVICE-2,265.

CHURCHES-20, representing 11 denominations.

BUILDING AND CONSTRUCTION-Building permits issued in 1970 were valued at \$158,920.

REAL ESTATE-Number of homes 2,500, with about 62% owned by occupants.

INDUSTRY-Chief industries of the city and surrounding territory are manufacturing, agriculture and lumbering. Number of manufacturing establishments, 7, employing 3,200 persons. Principal manufactured products are paper, plywood, lumber, food and chemicals.

TRADE AREA-Retail area has radius of 15 miles, and population of 13,959. Wholesale area has radius of 15 miles, and population of 13,959.

NEWSPAPERS-Daily 2; Sunday 2; weekly 1.

RADIO BROADCASTING STATIONS-1: WPNC.

MOTELS-4, with total of 90 rooms.

RAILROADS-City served by 2 railroads: Seaboard Coast Line and Norfolk & Southern.

HIGHWAYS-The following highways run through, or to, the city: U.S. 64 and State 32, 99 and 45.

AIRPORTS-2 privately-owned, 1 city-owned.

AMUSEMENTS-Largest auditorium in city seats 2,000 persons. Number of moving picture theatres, 1, with total seating capacity of 400 persons. Number of golf courses, 1.

HOSPITALS-1, with total of 50 beds.

EDUCATION-Number of public schools 3, with 2 senior high schools (grades 9-12). Number of pupils in public schools, 3,738. Number of teachers in public schools, 160. Value of school property, \$1,164,176.

PUBLIC LIBRARIES-1, with total of 12,000 volumes.

CITY STATISTICS-Total street mileage 19.86, with 14.42 miles paved and 1.00 miles under construction. Number of water meters, 1,900; light meters, 2,800. Capacity of water works, 1,584,066 gallons per day, with daily average pumpage of 750,000 gallons per day. 16.20 miles of mains, and plant valued at \$1,500,000. Fire department has 2 paid men, with 1 station and 4 pieces of motor equipment. Value of fire department real estate and equipment, \$85,000. Police department has 8 men, with 1 station and 2 pieces of motor equipment.

The town of Plymouth, situated on the southern bank of the Roanoke River eight miles west of Albemarle Sound, is the County seat of Washington County, in the Coastal Plain area of northeastern North Carolina. It is located approximately 130 miles east of Raleigh, 95 miles southwest of Norfolk, Va. and 500 miles south of New York City. Primarily an agricultural area, there are no other communities as large as Plymouth in Washington County. The town was founded in 1780, with the gift of a site by a former resident of Plymouth, Massachusetts, and soon became a thriving shipping point.

Today, this section is mostly concerned with developing its natural resources and utilizing the varied agricultural products of its rich farm lands. The industrial expansion has been encouraged and welcomed by the citizens of the area, and the warm hospitality and neighborliness of the vicinity have made newcomers feel at home.

Plymouth and the adjacent areas are within overnight reach of more than 30 million people, representing a market of well over 70 billion dollars a year.

### Climate

Plymouth's relatively mild climate gives the area an unusually long growing season, and its average annual rainfall has been 51.15 inches. The coastal plains are affected somewhat by the modifying influence of the ocean, and consequently reduces the variation in both seasonal and daily temperatures. Average for January is 43.7 degrees, and for July, 77 degrees.

### Population

Since the founding of the town, the growth of Plymouth has been moderate but steady. Statistics show a 29.5% decrease in rural population. The population of Plymouth itself has increased 82.4% from 1940 to 1950, the same 10-year period, showing a definite trend toward urbanization. With a population of 4,774 in 1970, a conservative estimate of today's population would exceed 7,500 inhabitants.

### Terrain and Natural Resources

This region, generally flat, is characterized by sandy loam soil with some fertile, black land. It has been built up by unconsolidated and semi-consolidated sands, gravels, loams, clays and marls of a relatively recent geologic age.

Industrialists have investigated possibilities of recovering ilmenite from the black sands in Albemarle Sound for use in paints and pigments.

The total land area of Washington County is 215,040 acres (336 sq. mi.). Approximately 50% of this area is wooded, which amounts to 152,500 acres of forest. Dominant species in this area are second-growth long leaf and loblolly pine. Commercially, the chief tree is the loblolly pine. This species replaces the once magnificent forest of long leaf pine that formerly covered the sandy soil of this locality. Among the soft woods there is the Savanna or pocosin pine that is usually found in the swamps; hardwoods found in this area include the oak, hickory, ash, sweetgum and black gum. The deeper swamp lands yield such trees as the gum, cypress, and white cedar, the latter known locally as juniper. These forest resources play a tremendously important role in this county's economy.

### **Town Government**

The Town of Plymouth, incorporated in 1807, has a Council-Manager form of government, with a mayor and six councilmen, elected for two-year terms. Both town and county have a planning commission. Any zoning problems in the town of Plymouth are brought before the Board of Adjustment. There is no zoning ordinance for the county. The tax rate for the town is \$1.80 per hundred, based on 50% valuation. Plymouth has a bonded debt of \$790,000.

### **Municipal Services**

Operating from a modern municipal building in the business district, the City Police Department has a regular staff of a chief, four night officers, three day officers and 2 women dispatchers. In addition, the county sheriff, his deputy and two state policemen are stationed here. Police equipment includes two-way radio, radio-equipped automobiles, and network communication with state police facilities. A Police Investigation Network has been added. Five hydrants are located throughout the corporate limits of the town. Three fire trucks are centrally located in the fire station next to the municipal building. In addition, the Fire Department has an ambulance to use in emergencies and in rescue operations. A 27-man volunteer fire department holds regularly scheduled drill meetings and municipal employees are available twenty-four hours a day for driving duties should the need arise.

The Street Department, Water and Sewer Departments, and the collection of garbage and refuse are very efficiently carried out under the direction of the city manager with the help of selected crews.

Electricity is supplied in the area by the Virginia Electric and Power Co., which has district and division headquarters in Williamston, N.C., and general offices in Richmond, Va. The company has a capacity of over one and one-third million kilowatts. Electricity is available at 60 cycles alternating current, single and three-phase service, and can be supplied at 120-208, 120-240, 480, 2,300 volts, or at higher voltages, depending on the customer's requirements and specific locations. Rates for service are comparable with rates in effect elsewhere and compete advantageously with other sources of power.

Modern telephone facilities are furnished the town of Plymouth by the Carolina Telephone and Telegraph Company. The system used is the dial system, and this company has seventy-two toll circuits which are maintained twenty-four hours daily and seven days a week.

Water and Sewage: Plymouth has a municipally-owned water system, supplied from two deep wells, with an average capacity of 1,440,000 gallons per minute. For storage, the town has a new upright tank and pumps, which averages 800,000 gallons per day. A new water pollution control plant is now in operation on the Roanoke River.

### **Community Facilities**

The modern schools which the children of Plymouth and Washington County attend are fully accredited and offer elementary and high school curricula. Special courses, such

as music, home economics, vocational agriculture, and commercial subjects are available to all students. The new high school on Main Street in Plymouth also has several television classes and a gymnasium with a seating capacity of 1,600 students.

The Washington County Public Library, located in Plymouth, provides ample facilities and service for the surrounding area, and provides a bookmobile with scheduled trips to cover the entire county. There is also a branch library in town, and a Creswell Branch in Creswell. The local library is open five and a half days a week, remaining open until 9 p.m. two nights each week.

Spiritual fellowship and guidance are found by the residents locally in churches representing nearly all major denominations. Plymouth has 20 churches, all of which have active, cooperative congregations.

### **Civic Organizations**

There are over 20 active clubs and organizations in Plymouth, including the P.T.A., Rotary Club, Lions, Junior and Senior Chambers Of Commerce, Masonic Lodge, Eastern Star, and Veterans of Foreign Wars. The Plymouth Country Club, one of the best in northeastern North Carolina, has a nine-hole golf course, swimming pool, club house for members and guests, and is the center of much social and recreational activity locally.

The Annual Water Festival is held on the Roanoke each year, usually in July. This event is sponsored by the Plymouth Junior Chamber Of Commerce with the assistance of other civic groups. Among the features are stunt water skiing, floats and boat races. Another annual event in Plymouth is the completely religious Christmas Pageant held in early December. The festivities are held outdoors and carries the theme of putting Christ Back Into Christmas.

### **Medical Facilities**

The new 50-room Washington County Hospital, plus a roomy basinet ward, is located in the town of Plymouth. The practitioners include seven medical doctors, resident surgeon, two dentists, optician and chiropractor, and there are four medical clinics.

### **Accommodations**

Year-round accommodations are furnished by the Plymouth County Club, Freeman's Motel, Roanoke Lodge, and Pine Tree Motel, U.S. 64 By-Pass. Other rooms are available in private homes throughout the vicinity.

### **Communications**

The Roanoke Beacon, published weekly in Plymouth, carries local and world news and events. Out of town daily papers are also distributed county-wide, including New York, Maryland, Pennsylvania and Eastern Virginia publications. Radio Station WPNC began operations in 1959, and serves northeastern North Carolina with high fidelity AM radio operating on 1,000 watts and 1,470 kilocycles. It is very well and modernly equipped and operated by a most efficient and capable staff. It has already proven to be a tremendous asset not only to Plymouth, but to the surrounding areas as well.

### **Recreation and Sports**

In and near Plymouth are enough forms of recreation to suit the desires of everyone. The many facilities of the beaches on the Albemarle Sound offer bathing, boating, water skiing, and fishing. There is a motion picture theatre and a lighted baseball park, home of our Little League and Babe Ruth League teams. Dancing and dinners are periodically sponsored by local civic groups. The Recreational Commission of the Town of Plymouth offers a supervised program of recreation for eight weeks each summer.

Fishing and hunting are also very popular locally. Phelps Lake, stocked with bass, and

Pettigrew State Park, are a short thirty minutes' drive southeast of Plymouth. There are boats for rent at both Phelps and Pungo Lakes, and the bass fishing is unusually good. Quail, geese, ducks and small game, especially squirrels, are plentiful in this area. Bear and deer hunting is extremely good. The many famous Atlantic beaches on the Southeastern seaboard are also within short driving distance of this section.

### Industry

In recent years, industrial growth has increased to such an extent in and around Plymouth that manufacturing has surpassed even agriculture in employment. Lumber for wood pulp and other wood products is the predominate type of industry in the county, with the resulting largest employment in the huge Weyerhaeuser plant, which produces approximately 1,400 tons of paperboard daily for corrugated shipping containers and milk containers. They also manufacture southern pine plywood and fine paper, which are the new expansions of Weyerhaeuser in Plymouth. The Georgia Pacific Company finds a ready market for its fine plywood in the ever-growing furniture industries of the Carolinas and Virginia. The True Temper Corp. utilizes the forestry products of the area in the manufacture of handles for tools and equipment; American Cyanamid's plant producing liquid alum markets its products locally. Plymouth Pallet Co. manufactures pallets for use by local industry. The Smith Brothers Chemical Company, manufacturers of cleaning fluids and allied chemical products for the dry cleaning industry, markets its products nationally. Plymouth Garment Co. manufactures children's clothes. In addition, The East Carolina Supply Company (mill supplies and associated items), and the Seaboard Gas & Oxyten, fulfill a definite need for this area.

The people of Plymouth are anxious to expand the county's industrial base and to diversify its economy. Existing industry would also welcome non-competitive industrial growth and the county can assure an adequate labor supply for additional industries. It is believed that the farmer group that has entered the labor market to supplement its present income would be enlarged considerably if additional industrial opportunities should arise. Some of this area's chief assets are, with respect to industrial development, (1) an abundance of available labor; (2) excellent transportation facilities; (3) relatively untapped water resources, both ground and surface; (4) a high level of recreational and educational facilities; (5) a year-round outdoor climate that permits low-cost construction; (6) access to an abundance of raw materials, and (7) an atmosphere of hospitable congeniality. Furthermore, the county's makeup fits admirably to meet the recent trend toward decentralization of the nation's defense and civilian industry-frequently termed "accessible isolation." At present, there are 17 industrial sites available comprising approximately 1,117 acres of land.

### Agriculture

Washington County possesses three main advantages agriculturally; climate, soil, and a proximity to national markets. The mild climate here adds to an unusually long growing season for crops such as peanuts, tobacco, soybeans, potatoes, cotton, corn, truck crops, grain crops, and some commercial grape culture. Local drying and storage facilities are at the farmer's disposal. The farms found in this area are largely field crop farms and make up about 33.7% of the total land area. Livestock is becoming an important factor in the area, and we also have important livestock and farming demonstrations and research that is conducted at the Federal State Tidewater Research station, five miles from Plymouth.

### Transportation

East and West traffic through Washington County is served by U.S. Highway 64. The movement of through-traffic on this highway is facilitated by a new by-pass bisecting the southern perimeter of Plymouth and another by-pass at Roper. State Highways 32 and 99 serve north-south traffic. Highway 32 has junctions with U.S. Highway 17, some 30 miles to the north of Plymouth and with U.S. Highway No. 264, about the same distance to the south. This fine network of roads enables direct highway travel to the entire East Coast. By contacting the Plymouth and Washington County Chamber Of Commerce, arrangements can be readily made for travel anywhere by car, bus, rail, plane, or boat.

The Roanoke running back of Plymouth's business district has available docking space and a channel averaging 30 feet in depth, providing the town with excellent possibilities for increased water-borne traffic, and is within easy reach of the Intracoastal Waterway from Albemarle Sound. Local citizens and organizations are already attempting to further develop this part of town to the height of its potential.

### **Commercial Establishments**

240 local retail establishments include 2 chain department stores, 2 major chain supermarkets, 2 major chain variety shops, 2 drug stores, a dairy bar, several locally-owned ready-to-wear shops, farm supply and equipment agencies, service stations, grocery, hardware, appliance and jewelry stores. Boats and sports equipment can be bought in two of the above. Included in the ready-to-wear are two high fashion ladies' shops. Plymouth also has three new car dealers, garages and three furniture stores. Service trades include barber shops, beauty parlors, restaurants, florists, cleaning establishments and a soft drink bottling plant.

Nine lawyers have offices here along with several insurance agencies and a CPA. Three real estate developers also have offices here.

Thirteen wholesale firms distribute hardware and associated items, building supplies, and petroleum products.

Among the financial institutions are the Branch Banking and Trust Company, The Planters National Bank and Trust Company, the Plymouth Savings and Loan Association, and Home Savings and Loan Association of Greenville and Plymouth.

As local businesses remodel and expand, along with our new shopping center, Plymouth is rapidly becoming a most inviting shopping area.

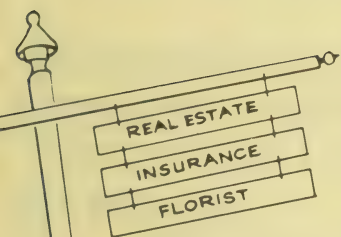

### **The Chamber Of Commerce**

The Plymouth and Washington County Chamber Of Commerce opened a full-time office in 1959. Its membership is made up of business, professional men and farmers in this section; it is set up to include the divisions for industrial, agricultural, civic, tourist and retail departments, which are headed by a committee of able men.

The influence of this organization as a leader in the area will continue to be behind every progressive movement and to use it agencies for the best interests of the entire community. The management of the Chamber is in the hands of a Board of Directors. Under the direction of the Chamber, City Manager, Town Council and Mayor, and with the support of every citizen of the community, all are making improvements to make Plymouth a better place for people to live, work and play.

# **PLEASE! Do Not Lend Your CITY DIRECTORY**

**IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

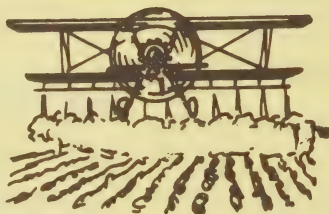

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

## *Out of Sight • Out of Mind* ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

## WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS'  
GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory information . . . EXTENDED ★

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

# USE YOUR ALPHABETICAL DIRECTORY FOR .....

## — *Efficiency... IN EVERYDAY BUSINESS TRANSACTIONS*

Accurate names and titles for correspondence

Complete Mailing Addresses including apartment numbers

Identifies signer of letters, statements or checks

Changes in employment, address, etc. for up-dating files

Accurate corporation and company names and principal officers

Identifies payments on accounts with same or similar names

## — *Investigations ... SAVES TIME AND CUTS COSTS*

Identifies individuals, applicants, etc.

Verifies employment

Shows wife's name and employment

Locates references and relatives

Homeowners identified

Shows information about people without telephones

Indicates "double-income" families

## — *Cashing Checks... PROTECTS AGAINST BAD CHECKS*

Identifies the stranger

Verifies address, occupation, employment

Reveals possible false statements

Provides information for "test" questions

## — *Collections... RECOVERS \$\$\$ FROM UNPAID ACCOUNTS*

Traces "skips," shows where now living

Indicates job "skip" now has and where employed

Locates relatives of "skip" shows their address and employment

Locates former business associates, friends and others who knew "skip"

## — *Try This... (OLD N.G.'s, DELINQUENTS AND "RETURNED AS UNCOLLECTABLE")*

Look up the names in your newly delivered city directory. Changes of address may be found. Check for employment. New employer may provide a contact. This should be a standard procedure as soon as you receive your copy of the new city directory.

## — *Sales... A POWERFUL SALES TOOL*

Where Employed?

Indicates earning potential, buying ability

Opportunities

Identifies business interests

Indicates buying power of neighborhood

Business Owner? Officer?

Who's who in your community?

Identifies business associates, additional prospects, leads

Business Firm? Corporation?

Principal Officers, owner, partners, manager, director

Shows location of branch offices

Type of business or services

Householders

Indicates heads of families,

roomers, other adults in family

Shows students 18 yrs., or over, members of armed forces, retirees

Married? Single? Widowed?

Shows wife's name, middle initial

Identifies single adults,

Lists widows, deceased husband's name

Are Both Husband And Wife Employed

Identifies double-income families

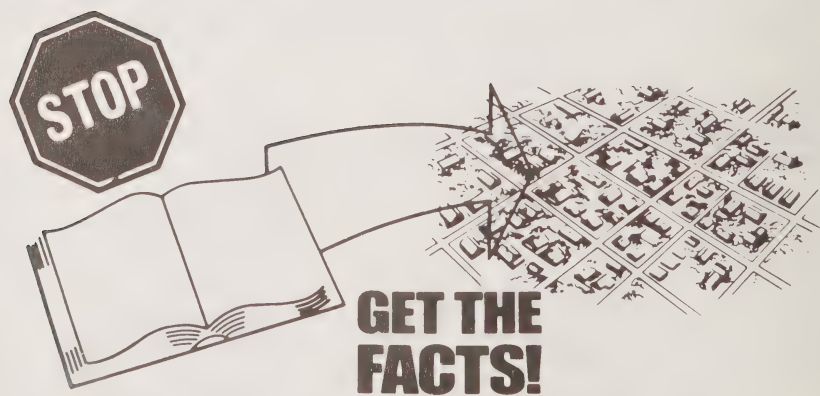

Shows when evening call is required

Permits detailed qualification and selection of prospects

## Who's Who- and Where?

Such  
questions  
can only be  
answered by  
the Directory  
and that is  
where  
people look  
when they  
want to buy.

Are you  
properly  
displayed  
therein to  
get the  
business?

## Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is  
circulation consulted.

TO BE EXACT by actual survey in twenty-four  
average American cities by actual count each  
City Directory averaged three and one-half  
consultations for each business day.

TO BE CONSERVATIVE we will eliminate the  
sixty Sundays and Holidays when no tests were  
made.

FOR EVERY THOUSAND DIRECTORIES sold there  
will be an average of three and one-half con-  
sultations for each book for THREE HUNDRED  
and FIVE days, therefore  $1000 \times 3\frac{1}{2} \times 305 =$   
1,067,500.

CONSULTATIONS OR CIRCULATION

# USE YOUR STREET DIRECTORY FOR ...

## — *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

## — *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers

Permits mail, telephone or personal contact of prospects

Identifies home businesses or professions

Identifies prospects not in telephone book

Identifies householders

Reveals new families in your area

Shows renters on each street

## — *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants

Lists all occupants of apartment and office buildings

Shows telephones of neighbors of "skip" for obtaining new address or information

Shows nearby businesses who may know applicant or "skip"

## — *Deliveries And Service Calls... AVOID DELAYS -- SAVE TIME AND DOLLARS*

Verifies addresses

Locates nonexistent or illegibly written house numbers and streets

Shows location of intersecting streets

Shows apartment numbers and occupants of each apartment

Permits verification of telephone orders and defeats "prank" calls

## — *Emergency Use... CLOSEST NEIGHBOR...NEAREST PHONE*

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

# Who's Who- and Where?

Such  
questions  
can only be  
answered by  
the Directory  
and that is  
where  
people look  
when they  
want to buy.

Are you  
properly  
displayed  
therein to  
get the  
business?

## Common Sense About City Directory Circulation

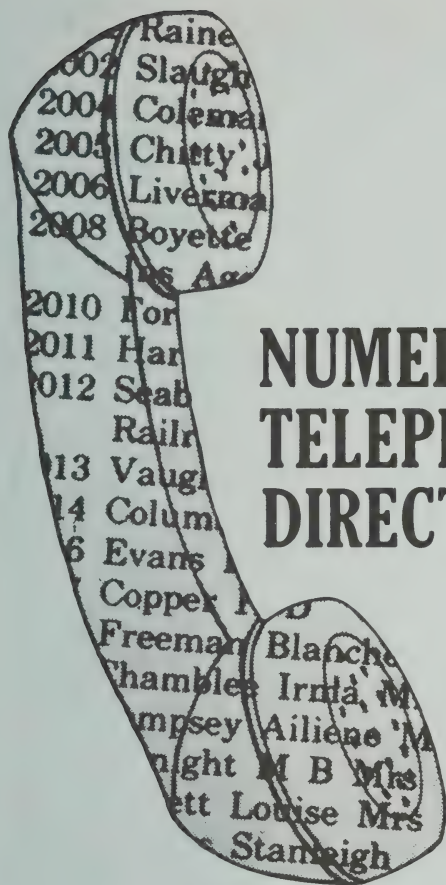

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

CONSULTATIONS OR CIRCULATION  
CONSULTED

# NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

HILL DIRECTORY COMPANY

# NUMERICAL TELEPHONE DIRECTORY

## BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

dial code

numbers in sequence

name of telephone subscriber

## WHAT'S IN A PHONE NUMBER?

### ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

### ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
